IS LOOTED BY BURGLARS

(From Thursday's Advertiser.)

Between the hours of 2:15 and 4:15 yesterday morning some enterprising burglars burgled the safe of Ah Sam, proprietor of the Palace Grill on Bethel street, and he is mourning the loss of six hundred and forty-six dollars in gold and silver, and jewelry valued at the same amount.

The Palace has the name of an "all night" place, though in reality there is an interval of two hours in the morning when there is nothing doing in the restaurant line, and it was during this time that thieves entered the place. The night cook completed his labors at the earlier hour mentioned and locked up the place for the night.

At 2:15 the day cook came on to get the fires ready for the rush that usually begins an hour later. Entering by the back way he found at the door two Chinese emptying the contents of the safe into the street. The door was open, and the two men, who seemed not to be the regular shop gutters, said they found the door ajar and entered for the purpose of taking out the fire.

Later, the partner of Ah Sam came to the place and on going into the front dining room found the short counter, where the cash register stands, littered with the contents of the safe. A closer inspection of the strong box showed that the inner door had been entered by boring out the handle and lock and the small steel cash drawer was found lying on the floor with the back broken out. The box is made of thin steel and must have been shattered by a blow from an appliance used on the kitchen range. This and a Chinese cleaver was found near the safe, the point of the latter being bent over by contact with hard metal in prying either the lock or breaking through the box.

The drawer of the cash register was wrenched off and the contents, amounting to a small amount of change, abstracted. In the small cash drawer of the safe there were \$600 in gold coin and \$85 in silver. Besides the money there was a quantity of gold jewelry, one piece a gold watch of English make, rare here, and having eighteen karat cases. A long gold neck chain and gold trinkets belonging to the partner were also abstracted.

There is every evidence that the place was entered by someone familiar with the habits of the employees and who knew that the owner was careless in leaving the safe with only a day lock when it was locked up for the night. It is evident, also, that the person knew that Ah Sam kept plenty of money in the safe at this time of the month in order to meet obligations without having to run to the bank for money. The proprietor has no suspicions, but he thinks it strange that the shop men should come at that unusual hour to get that which they usually secure much later.

The matter is in the hands of the police department for investigation, but there is little if any clue to work on. Ah Sam believes the English-made watch may lead to the identification of the thieves.

INSPECTOR KEEN'S REPORT FOR APRIL

E. G. Keen, Inspector of Buildings, Plumbing and House Sewers, reports to the Board of Health the following detail of the work of his office for April:

Plumbing plans filed and permits issued for same, 25; separate pieces of plumbing finished and accepted, 23; number of fixtures in above, 63; houses connected to sewer system, 8; building plans filed and permits issued, 13; nuisances investigated, 5.

Inspections made as follows: Sewer connections made, 5; nuisances investigated, 5; building sites examined, 3; buildings under construction examined, 17; repairs of buildings examined, 22; plumbing inspections, 159; total, 216.

Tom Birmingham, representing E. O. Hall & Son, will go up to the big island next Tuesday.

HOPES FOR MOLOKANS

"I think that the attempt to change the contract is fair and reasonable in the main. There may be one or two minor points which should be changed. I am practically out of it now, however."

This is all that James B. Castle had to say after calling on Acting Governor Atkinson, at the latter's request, for consultation about the Molokans yesterday afternoon.

It was also after "Mike," one of the Molokan elders brought here by Captain Demons, had talked a while with Messrs. Atkinson and Castle in the outer room of the executive chambers, Mr. Kotinsky interpreting.

"Mike's" story apparently was of rather stale vintage, as Mr. Castle retreated from it with a gentle remark to the effect that he had heard it before.

Acting Governor Atkinson returned yesterday morning from a personal investigation of the difficulty with the Molokan colonists at Kapaa. He comes back with the impression that the Molokans do not know themselves what they want. So far, they have not stuck to anything with a will.

The day before the Acting Governor went there they had quit—said they wanted a different arrangement. However, as the Acting Governor puts it, it is a matter between the Molokans and Col. Spaulding, between the Molokans and the Government and between the Government and Col. Spaulding. Therefore he worked out a plan and came back to Honolulu, to see if it could be negotiated.

This plan in the rough is that the Molokans shall form a settlement association on the lands of Kapaa, including pasture land, on the same old basis of forty acres to each family. With this Mr. Atkinson wants to form a new planting contract with Col. Spaulding, wherein the Molokans can get advances on their crop of cane and have it ground afterward.

Acting Governor Atkinson understood when the Molokans came here that they were going to have money enough to keep them until they got their first crop, but now it seems as if everyone of them wants advances and in fact Col. Spaulding has advanced them a considerable amount already.

"I must admire Col. Spaulding's patience," the Acting Governor said yesterday afternoon. He brought down the outline draft of a new planting contract, which he wished Mr. Castle to go over as an expert in sugar planting—what the Acting Governor disclaims to be himself.

It is Mr. Atkinson's conclusion that the community idea of the Molokans has absolutely failed. The intention of the Government was always to put them on their own sections, so as to carry out the law. But events have proved that this "peculiar people" can not act together. Besides lack of harmony between individuals, everyone wise in his own conceit, the colony is split into two big factions.

Still, the Acting Governor has not lost hope altogether of making something out of the Molokan experiment. With some encouragement he thinks they can be kept here and form a useful element of the population.

Tests Patience**The Most Patient Honolulu Citizen**

Must Show Annoyance at Times. Nothing spoils a good disposition. Like any itches of the skin. Itching piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! With no relief. Just the same with Eczema.

Can hardly keep from scratching it. You would do so but you know it makes it worse.

Such miseries are daily decreasing. People are learning they can be cured. Learning the merit of Doan's Ointment.

Plenty of proof that Doan's Ointment will cure Piles, Eczema or any Itchiness of the skin.

Frank Leibby of 326 S. Main st., Wilkesbarre, Pa., U. S., says: "It is with much pleasure that I testify to the merits of Doan's Ointment in cases of itching piles. I suffered from that tormenting affliction for the past year. I tried nearly everything that was recommended to me and what I saw advertised, but I could get no relief. Finally I procured Doan's Ointment. After a few applications I was much relieved, and, continuing the treatment, I was soon completely cured. I have felt no signs of that intolerable itching since, and it is four months ago since I used Doan's Ointment. To say that I was delighted is only half expressing my enthusiasm. I recommend this remedy whenever the opportunity is presented. You may publish my statement at any time and I can always be found at 326 S. Main street, and will vouch for the same."

Doan's Ointment for sale by all dealers; price 50 cents. Mailed by The Hollister Drug Co., agents for the Hawaiian Islands.

Remember the name DOAN'S, and take no substitute.

TO "BUST" SPECKLES.

SAN FRANCISCO, APRIL 15.—A STEAMSHIP WAR is now on. The President of the Boston Steamship Company is hot after Speckles, the sugar king, who is head of the Oceanic Steamship Company which runs a line of steamers from San Francisco to Australia.
